KENT WAS GIVEN 15 YEARS IN PEN

QUITMAN BANK ROBBER SENTENCED BY COURT TODAY

RELATIVES IN COURT

Kent Told Court So Much Bad Luck And Being Out Of Work Prompt Him To Hold Up Bank

J. T. Kent was given a sentence of 15 years in the penetentiary when he pleaded guilty to robbery in the first degree of the Farmers State Bank at Quitman, in circuit court this morning. The Quitman bank was held up by Kent, March 18 and over $1,700 taken. Nearly all of the money was recovered excepting about $30 in gold.

The court made the sentence 25 years this morning, but this afternoon the sentence was reduced to 15 years.

Kent told the court that he had so much bad luck and that he had been out of work for nine months and was greatly in need of money. He said he had no intention of robbing the bank until about thirty minutes before the deed was committed. He told the court he was more scared than H. C. Bailey, the cashier, and said Bailey could have run him out with a club.

The fact that Kent was convicted of highway robbery in Labeth County, Kan., in 1917, serving only eighteen months in the pententiary in Kansas, and that he served six months in jail at Red Oak, Ia., for forgery of a post office money order, caused the court to make the sentence heavier than he would have otherwise done.

Kent was accompanied in court by his wife and their two-year-oid son, and by his brothers, O. D. Kent of near Wilcox, Van Kent of near Skidmore, a sister, Mrs. Bud Wilson of near Clearmont.

Kent was taken to Jefferson City this afternoon by Sheriff Roach.

The April term of circuit court was convened this morning by Judge John M. Dawson. The petit jury is summoned for Wednesday.

The following parole cases were continued: Vern Griffith, James Thompson, Walter Brown and Clyde Kent.

Other proceedings of court were:

Glen L. Barton was given a decree of divorce from Lucy Barton.

Herman D. Randolph vs. Catherine J. Randolph, divorce, defendant files motion for temporary alimony, attorney fees and suit money.

The following cases were continued:

Frank Grundel vs. W. V. Cooper and C. Cooper; James W. Milbank vs. J. E. Beam; F. M. Murphy vs. Jay Minard; Bank of Guilford vs. Wallace Moore; Carl Wray vs. Wallace Moore; Bank of Guilford vs. Frank Minshall and Wallace Moore; Citizens Bank, Graham vs. George W. Cole, adm. estate T. N. Danes, decd.; Bank of Guilford vs. Wallace Moore, defendant.

CHARLES HAD NOT LEFT COUNTRY EARLY TODAY

Rumors That Former Monarch is Just Stalling—Hopes Subjects Will Rally

London, April 4—Charles, ex-emperor of Austria whose coup to win back the throne of Hungary proved a complete failure, has not left the country early today. Meanwhile reports persist in some quarters that former monarch is merely stalling and that still has hopes former subjects will rally behind the Hapsburg banner. The little entente reenforced by Italy is exerting powerful pressure with a view of making it plain to Charles that flirtation with the lost throne must end.

ALBERT NEIDEL SMASHES BOX CAR

DRIVING BUICK 6 AT RAPID RATE LOSES CONTROL

MACHINE A TOTAL WRECK

No Insurance—Occupants Automobile Uninjured—Steps on Gas Instead Of Emergency

The total loss of a Buick Six and a damaged freight car are the results of an accident last night about 12 o'clock at the Burlington freight station on East Second Street when Albert Neidel Jr., ran into a freight car standing on the track. In the car with him were Harold Snyder and two young girls. None of the occupants of the car were injured.

Two wheels of the rear truck were knocked off the track by the Buick, the steps torn off and the brake beams jammed. The Buick was smashed to peices but none of the occupants of the car injured.

Neidel, who was driving the car was going at a pretty rapid rate down what he thought was First street. When he came near the station he realized his mistake and tried to put on the emergency brake. Instead of doing that, however, he stepped on the gas going clear over the house track leading to the depot, over another track and into the box car. What was left of the machine was brought back to the Diss and Irby garage. Neidel is about 18 years old and lives with his father on a farm near Maryville. Snyder is a neighbor boy.

The loss of the machine will be about $1000 as there was no insurance on it.

VALUES OF COUNTY OVER 63 MILLION

STATE BOARD FIXES FULL ASSESSMENT HERE OF $63,447,170.

INCREASE OF 37 MILLION

The New Policy Should Mean a Marked Reduction in Levies—State Board Report Received Today.

1921 assessment for Nodaway County $63,447,170

1920 assessment for Nodaway County $25,754,146

Increase for Nodaway County ..... $37,693,024.

The state board of equalization at Jefferson City Saturday fixed the 1921 valuation for Nodaway County at $63,447,170. The valuation on which taxes were collected here last year was $25,754,146. The increase is $37,693,024.

The new assessment for the entire state has been fixed at $4,467,451,862. The total valuation for the state last year was $2,471,511,670.

The assessment as returned by the assessors was more than that of the state board. The assessors valuation of the county was $71,694,120. The state board increased the personal property valuation $437,000 over what the assessors reported and reduced the real estate valuation about $8,654,000 over the assessors' report.

The big increase over the state and in this country is based on the new policy of full valuation, which should call for marked decreases in tax levies.

The legislature, in preparation for full valuation, has reduced the state tax levy from 15 to 9 cents. No city or country will be permitted to make any levies for 1921 which will obtain more than 10 per cent more in revenue than collected last year.

The new assessment figures for this country and the state do not include railroads and telegraph lines, which will be assessed later.

The figures for Nodaway County as received by County Clerk Fred Smith today were:

Land	$47,358,795
Town Lots	$6,199,819
Horses	$797,230
Mules	$221,350
Asses and Jennets	$8,460
Cattle	$1,942,508
Sheep	$72,984
Hogs	$483,773
All other live stock	$720
Money, notes and bonds	$3,318,065
Corporate companies, bank stock	$915,000
All other personal property	$2,128,471

ATTENDANCE LAW WAS NOT ALTERED

COUNTY UNIT BILL DOES NOT AFFECT ITS PROVISIONS.

MISSTATEMENT MADE

The Attention of the Democrat-Forum Was Called by the Rev. Father Placid.

"The county unit bill does not alter the present compulsory attendance law," said Bert Cooper, county school superintendent. The compulsory attendance law, which now exists, section 11323, will prevail under the county unit bill and provides that children must attend school between the ages of 7 and 14 years and also between the ages of 14 and 16 unless regularly and necessarily employed. Those pupils who have graduated from the eighth grade, cannot be forced to attend school. Neither can they be forced to attend under the provisions of the county unit law after they have finished the eighth grade.

The Democrat-Forum makes this correction as we stated in Friday's issue it was compulsory for children after completing the eighth grade to attend high school under the county unit law.

The attention of this paper was called to this mis-statement by the Rev. Father Placid of Conception Abbey. In his letter, Father Placid states:

"The old law, which is to be found in Section 11323 and which holds good yet, provides that children must attend school between the ages of 7 and 14, and also between the ages of 14 and 16, but only if the child is 'not lawfully and regularly engaged for at least six hours a day;' if the child is thus engaged it must be excused.

"A bill passed at the late legislature which wants that children between the ages of 14 and 16 must be excused from school by the school board and cannot be kept at home by the parents without such permission, even not if children were needed for work; but this bill is not yet approved by the governor, and I wish from my heart that he would not approve of it, since it will only serve, and uselessly serve, enrage the opponents to the county unit law yet more. But just this new bill is another proof for my assertion that the county unit law did not make any change in the matter before us.

"I wish the Democrat-Forum would state the error made on the front page and in large letters of next Monday's edition, Apr. 4, so as to reach its readers Tuesday morning and before the beginning that afternoon, of the annual school meeting. No doubt, everybody will talk against the new law at that meeting, for I know that about all people are against it, at least here around, and the result will be that petitions will be circulated to invoke the referendum on the new law. You know how much I did to have such a law passed, and that I highly approve of it, in spite of its many weak points, and that I would not like, and that it would not be for the welfare of the state, if the law were revoked."

The Easter offering at the First Christian church has been completed with $632 to the good, according to G. B. Roseberry, superintendent of the Sunday School. Of this amount raised it is likely that $500 will be given to the Christian Orphans' Home in St. Louis and $100 to the Armenian Relief work. Orphan children from different parts of the United States are cared for in this institution.

AMERICA WILL STAND WITH ALLIES

COMMUNICATION HAS BEEN SENT TO ELLIS DRESEL TO EFFECT.

MORALLY BOUND TO PAY

Rene Viviani, Envoy Extraordinary, Conferred With Senator Knox for Two Hours Yesterday.

Washington, April 4.—America has informed Germany that this government still stands with the Allies in regard to the payment of reparations, the state department announced today. The state department announced that a communication has been sent to Ellis Dresel, United States commissioner in Berlin, setting forth the views of this government.

The secretary of state instructed Dresel to make the following statement to the German minister of foreign affairs, Dr. Simons:

"The American government is pleased with the informal memorandum of Dr. Simons at the unequivocal expression on the part of the German government of its desire to afford reparation up to the limit of Germany ability to pay. This government stands with the Allies in holding Germany responsible for the war and therefore morally bound to make reparations so far as possible."

Rene Viviani, formerly premier of France, who is on a mission to this country as an envoy extraordinary, conferred for more than two hours yesterday with Senator Knox. The French envoy is understood to have informed Senator Knox that any declaration as contained in his resolution introduced in the last congress for terminating the war and stating in substance that the United States would view with grave concern a war involving the peace of Europe, would do much to relieve the anxiety of the French people for the future.

Mrs. Mary E. Aekerman of Maryville visited the latter part of last week at the home of Rev. Murphy of Savannah.

BARRETT TO LAY OUT NEW SENATORIAL DISTRICTS

Governor and Secretary of State Take Action, Since Legislature Ignored The Matter

Gov. Hyde and Secretary of State Becker have requested Attorney General Barrett to prepare a state senatorial redistricting plan and work it out for their approval. These three officers are charged by law with this duty since the legislature failed to dispose of the matter.

The attorney general said he would endeavor to have 100,000 population in each district.

This is the first senatorial redistricting since the present districts were fixed in 1901 by A. M. Dockery, governor, Sam B. Cook, secretary of state, and Edward C. Crow, attorney general.

In 1911, Secretary of State Roach and Attorney General Major undertook a senatorial redistricting. This was attacked in a court proceeding at the instigation of Gov. Hadley.

The legislature failed to act on this question because it was thought that a Republican gerrymander would be held up under the referendum. There are many who hold any re-districting plan may be held up because the action is a legislative function.

THE MERRY JOURNEYS OF MARY JANE

"What do you want to make honey out of Mary Jane Syrup for, Mr. Bumble-Bee?" asks Mary Jane.

Mary Jane and the Bumble-Bee

ONE day when the sun began to get warm, Mary Jane started to eat a nice spread of bread and Mary Jane Syrup on her way to school. Just then a big bumble-bee buzzed arcund and he smelled all this de-li-cious Mary Jane Syrup.

He buzzed and buzzed around till finally Mary said to him "Say, Mr. Bumble-Bee, why don't you go and bother somebody else for a while, and let me alone?"

The old Bumble-Bee said "What right have you got to sit here and eat all that de-li-cious Mary Jane Syrup, when I'd like some of it to make honey out of?"

Mary Jane said "What do you want to make honey out of Mary Jane Syrup for?—that's sweeter and nicer than any honey, and fit for a prince to use on his pancakes and waffles and gingerbread and corn pone."

And old Mr. Bumble-Bee said "Well maybe you're right about Mary Jane Syrup, but give me a little anyhow, just for a treat."

Mary broke him off a nice piece of bread with a lot of syrup on it, and they sat there together and had a regular party. Mary told her mother about it after school, and her mother said "That's right—never be selfish. We have lots more Mary Jane Syrup in the house, and it's so ec-o-nom-ic-al to use that you can give anybody a treat of it any time you want to."

And so now every boy and girl in school has Mary Jane Syrup at home, because Mary Jane told them about it in school, and let them taste her de-li-cious lunches whenever they wanted to.

Oiling the Wheels of the World

GASOLINE is the major product made by the Standard Oil Company (Indiana) and in the manufacture of this most essential product of petroleum, this Company stands in the lead.

But gasoline is only one of the many products sent to the world with the unqualified guarantee of this organization; for as a manufacturer of lubricants it stands among the leaders.

No service performed by this Company is more important, more essential or more far-reaching than the work it is doing to keep the machinery of the world running smoothly and efficiently.

Of the many lubricating oils and greases sent out under its name, none is more widely known or more universally accepted than those bearing the Polarine brands.

Polarine is a perfect motor oil. It was first introduced to the motoring world in 1908 when 1100 gallons were sold. Year by year the demand has increased until in 1920, 23,979,050 gallons were manufactured and sold to the car owners in the Middle West.

When first introduced there was but one grade of Polarine oil. Now there are four, each designed to meet the need of certain types of engines.

The development of four grades of oil, one of which will correctly lubricate any type or make of internal combustion engine, is but one of the essential services performed by the research department of this Company.

But lubricating motor vehicles is but a small item when the lubricating service of the Standard Oil Company (Indiana) is considered. Every type of machinery has been studied and an oil or grease perfectly adapted to keep the bearings running smooth and cool has been produced.

From the flying spindles of the loom to the ponderous bearings of the steel roller, each problem presented has been met squarely, fairly and with a deep understanding that to meet its needs was not only good business, but was essential if the Company was to live up to the ideals of service to which it is committed.

While lubricating the wheels of the world is highly essential, it is but one of the many branches of service which the Standard Oil Company (Indiana) is organized to perform.

In every department of its complex and highly specialized business, the same ideals of thoroughness, integrity and efficiency are insisted upon. The underlying principle in all is to give a maximum of service at a minimum of expense.

Purina Chows Save Baby Chicks

DON'T try to raise these tender chicks on grains, stale bread, meal and such grain products, any more than you'd feed a baby cornbread. Such rations, being deficient in protein and minerals, result in bowel trouble, slow feathering and scrawny development.

Chicks Saved Pay Feed Bill

Suppose Purina Chows saved just two more chicks out of every dozen hatched. That alone would pay your feed bill. But Purina Chows do more than just save chicks.

Double Development Guaranteed

Purina Chows are guaranteed to make your chicks grow twice as fast as grain feeds or you get your money back. Don't you owe it to yourself and chicks to call us up or drop in?

SIX NEW SCHOOL LAWS PASSED BY LEGISLATURE

State Superintendent Baker Says Measures Adopted are Constructive.

Sam E. Baker, state superintendent of public school, yesterday mailed a letter to the school officials of the state informing them of the new school laws which were passed by the recent session of the General Assembly.

"The General Assembly this session," said Mr. Baker, "has passed more real constructive measures for the benefit of the public schools than ever before in the history of the state. There will be more money to distribute in August than ever before."

The following laws were passed:

1. The County Unit Bill, No. 128. This bill provides for a county board of education, for local school boards and for a uniform rate of taxation over the whole county except first class high school districts, which are exempt.

2. Physical Education Bill, No. 515. This bill provides for physical education, including the inculcation of health habits and the promotion of playground activities, health supervision and nursing service. Counties and towns employing thirty or more teachers may employ a supervisor of physical education and one or more school nurses.

3. Rehabilitation Act, No. 494, provides for accepting the federal aid granting funds to rehabilitate persons wounded or injured in industries or otherwise. The State and federal governments match dollars in carrying out the provisions of this law.

4. Higher Qualifications for Teachers, No. 505. This bill provides that to secure a third grade certificate after 1923 an applicant must have two years of high school work, after 1925 three years, and after 1927 four years of high school work.

5. House Bill No. 348, provides that rural school districts that vote a levy of 65 cents may pay teachers holding third, second and first grade certificates, $60, $70, and $80 respectively and yet of the district is $75,000 or less, that the average daily attendance is 15, or 65 per cent of the enumeration, and that the total amount of state aid shall not exceed $300 in a one-teacher school.

6. House Bill No. 543, provides for doubling state aid to teacher training schools, which means $1,500 annually to schools if there is only one in the county, or $2,400 to the county having two or more teacher training schools.
